Majors Complete Plans for Spring Work; Florida Most Popular; Federals Will Speedily Be Called Upon to "Show."

EW YORK, Jan. 25. - Ignoring the activity of the Federal league magnates in their quest for big league stars, club owners of the American and National leagues have completed their plans for the spring training campaigns and are issuing calls for the gathering of veterans and recruits.

Before snother month has rolled around the exodus to the southern camps will be under way and reports of the senational playing of "unknowns" will find their way northward to remind the fan that another season of baseball is close at hand.

With the actual beginning of practice, a clearer idea of the status of organized baseball in its relation to the new organization will be possible, for, with a few exceptions the 1914 personnel of the sixteen clubs forming the major leagues will be shown by the players who report for training. Certain of the clubs such as the Athletics and Giants, don't expect any trouble in showing practically 100 per cent attendance, but the average magnate will not feel assured of his full enrollment until each member of the club has answered the roll call.

Federals Must Show.

Federals Must Show.

The Boston Red Sox are the last squad to report, not being due at Hot Springs until Monday, March 2. From a geographical standpoint, Florida is the favorite training ground. Of the sixteen ciude of the major leagues, four will prepare for the 1914 pennant battles there, the Athletics, Browns, Cube and Cardinals.

MINOR PLAYERS ARE WARNED NOT TO SIGN

By International News Service. NEW YORK Jan 25.—As the result of a disagreement between the National as-sociation and the Baseball Players fra-ternity all minor league players who are members of the fraternity have been no-

fied not to sign 1914 centracts until fur ther notice

ther notice.
According to President David L. Fuitz
of the fraternity, the formal notification
sent to members of the organization affected was made necessary because of
the refusal of the National association
authorities to accept the so-called Cincinnati agreement in its complete form
and the clause in particular barring and
declaring void all agreements not appearing specifically in the players' contracts.

Such outside agreements which might, for instance, provide for a special bonus under certain conditions were legislated against at the Chechmati meeting. A fine of \$500 is the penalty provided against the club making such outside agreement and the player is immediately and automatically released and becomes a free agent when such agreement is proved. The National association demanded that the fraternity agree to a sliding scale of fines according to the class of the affected and a sixty-day suspension club affected and a sixty-day suspension of the player before he became a free agent. Mail and telegraph correspondence has been in progress for several days, but neither organization would recede from its stand.

Harveille and Evans Leave for Idaho; Blankenship Signs Eight More Players.

The Boise baseball situation will be settled tonight. Whether Boise Interests finance the team or whether M. R. Evans of Salt Lake will put up the backing for will be decided at a baseball meeting to be held at the Boise Commercial club tonight.

According to the veteran baseball promoters once the preliminary playing season activity is under way, the new organization will find it difficuit to hold the center of the baseball stage unless some radical moves toward actual play are made. Dr. C. P. Harveille, who holds the Mursee made.

In the older organizations, the dates and places for the gathering of the players are known and the schedules for the ante-season exhibition games prepared. While the batteries and untited material will, as a rule, report a week or so ahead of the regulars, the opening days of March appear to be favored for the initial workouts.

The St. Louis Americans are scheduled to lead the march to the south on February 14 and should be in action at St. Petersburg, Fla., two or three days later.

This will be undoubtedly the lard signed of the Salt Lake team in ardesst game on the west siders schedule. High school will meet Parker Pratt's little Granisville team here Friday, January 20. This game will be played in the high school symnasium. It is probable that Coach Richardson will issue a call for track and baseball candidates this week, since the examination marks, their clegibility for spring athletics depending on success or failure in their studies.

The eight players whose contracts were received yesterday, together with the three received Saturday, give the Murray team eleven recruits. In addition, Blankenship says he will have "Dutch" Auer, last year's Missoula catcher; "Nig" Perrine, Missoula second baseman and team captain; Fred Carman, Missoula first baseman, and Harry Changnon, Missoula's third baseman. These veterans will give a nice balance for the young-

soula's third baseman. These veterans will give a nice balance for the young-sters Cliff has signed.

It will be seen therefore, that the Murray team is ready to take the field in a flash. Dr. Harveille is very much gratified with the promptness with which his manager has set to work. To construct a ball team at two weeks notice is some job, and it shows conclusively that Blankenship was fully prepared to sign a team as soon as he got his managerial commission. No doubt "Blank" has put in the time since the Union association closed last September in sizing up the closed last September in sizing up the California crop. He was ready to pick that crop when the high sign was given.

"DAD" GIMLIN WILL MANAGE OGDEN TEAM

Special to The Tribuna.

OGDEN, Jan. 25.— allowing his acceptance of terms, the official announcement has been made by the directors of the Ogden Buseball association that J. F. ("Dad") Gimlin, leader of many baseball teams of this city, will manage the Ogden club of the Union association during the 1914 zeason.

club of the Union association during the 1914 season.

This was practically conceded before the close of last season, when Gimilin joined the club as business manager, with "Kitty" Knight in charge of the club. The directors of the association were unanimous for Gimilin, the only question being that of terms, which was easily arranged. It is known that Gimilin turned down at least one managerial herth in the northwest to accept the local job.

It is the belief of President A. P. Bigelow and the other officials of the association that their selection of Gimilin will be approved by a majority of the fans. It will place the Ogden veteran in complete charge of the local team since 1911, when he led the champion state leaguers. In 1912 and for a portion of the 1913 season Gimlin was the manager of the Boise club in the Western Tri-state league, severing his connection with that club because of too much "directoring." According to the agreement reached by the directors, Gimlin is to leave his railroad work and take complete charge of the pre-season work, about March 15. It is planned to assemble the Ogden squad both reserve and recruits, soon after that date in order to have the team will under way for a series of exhibition games with the Chicago White Sox and other teams in April.

Joe Thomas, Boy Swimmer, In Limelight

TOSEPH THOMAS, the 15-year-old boy JOSEPH THOMAS, the 15-year-old boy who won the Deseret gymnasium rixty-yard handicap swimming race last Wednesday night, is undoubtedly one of the fastest boy swimmers in the city. Thomas swam the race Wednesday in the remarkably fast time of 54 seconds. Thomas is handicapped somewhat in his swimming because his legs have been causing him much trouble the last few years. He has been taking symnasium work at the Deseret gymnasium recently, however, and his legs are rapidly regaining strength. He is accounted one of the best athletes in his gymnasium class. He is in his first year at the Salt Lake high school.

Thomas may swim at the dual swim-ming meet between the Descret sym-nastum swimming team and the Sanitar-ium team. This meet will be held February 4 in the Sanitarium.

WILL DECIDE LEAGUE CHAMPIONSHIP TUESDAY

The Y. M. C. A. Commercial basketball league will close tomorrow night, when the Salt Lake Hardware basketball quintette will meet the Lucas Grocery five for the championship of the league. The teams are now tied in the percentage column. The Mountain States Telephone five will play the Boyd Park team for the third place position. The first game will start promptly at 3:15 o'clock in the Y. M. C. A gymnasium. Physical Director George H. Marshall of the Y. M. C. A and secretary of the Commercial league, has engaged the services of Willard Ashton, coach of the Granite high school, to assist Referee Tommy Fitzpatrick in officiating.

A big banquet has been planned for the Commercial league officials and players. It is expected that the largest crowd of the season will be present at temorrow's games, and Marshall says all will be seated comfortably. Seats will be arranged on the running track.

A four-man relay team race is also scheduled. It is expected that the Descret gymnasium and the Sanitarium will enter teams in this event. Each man will swim forty yards, making a total of 160 yards. Gold and jewel stick pins will be the prizes for this event.

A water pole game between the San team and poloists from the Descret gym is also planned.

The meet is the first of its kind to be held this year and promises to be a success in every way. Both the Sanitarium and the Descret gymnasium boasts many fast swimmers and record time is looked for. All registered amateurs of the intermountain branch of the A. A. U. will be elegible to compete in the tournament.

WILL DECIDE CITY RING TITLE TONIGHT

Manhattan and Frampton Clubs to Measure Prowess at the Garrick.

The championship boxing contests between members of the Frampton Athletic club and the Manhattan club, which are the offering of the Manhattan club at the Garrick theater tonight, for its regular weekly programme of boxing, will undoubtedly be the best night's fun that has ever been dealt out to local boxing fans.

fans.

There will be five bouts on the card, as usual, one bout in each class from the bantamweights up to middleweights. The bouts will decide which club has the best

nantamweights up to middleweights. The bouts will decide which club has the best boxers in the city.

At the former meeting of the two clubs, three weeks ago, they went to a tie, each club winning two contests, while the fifth was a draw decision. The members of the Frampton club were not satisfied with the results of the previous meeting and issued a defi to Manager Downing for a return match, which was readily accepted. The boys who will represent their respective clubs in these contests are the best that each club can produce at the weights. As the boxers have been doing some real training for the meeting, tonight's bouts no doubt will be much better and faster than at the last duel, and those were pronounced by the fans to have been the greatest they had ever witnessed.

Young Is Ambitious.

Ned Young, the pride of the Manhattan club, who was defeated by Clarence Karren, champion welterweight of the Rocky mountain district, has been working out twice daily for the last ten days, doing a five-mile run on the roads in the foremoon and working ten rounds or so in the symmestum in the afternoon. He will be at least 50 per cent better this time than he was last, and his friends say that lack of condition was all that beat him the last time. They say he was winning up to the last round of the bout when he simply "blew up" and had to stop from exhaustion.

Karren's friends are confident that he will repeat. They say he will put up even a better bout this time than he did last, and that he will prove conclusively that he is Young's master.

Regardless of which one wins, the fans are due for a fast and most stubbornly contested bout.

The rest of the boys who are on the card will be in equally as good condition as these two.
